United Way's mission is to improve lives and communities.

What makes achieving our mission possible is the generosity of donors. That spirit was again expressed in contributions to our 2006 annual campaign totaling \$2,859,348. Such generosity, during a time when many donors themselves are economically challenged, evidences a truly remarkable community mindedness.

That generosity will enable United Way to fund 52 critical human service programs. These will provide individuals and families with food, shelter, counseling, mentoring as well as an array of comprehensive services. Mostly, the service offerings will provide hope and opportunity to those most in need: the child too young to speak for themselves, the frail and isolated senior, the unemployed parent seeking food for their family, or the teen struggling with consequences of bad decisions regarding drugs. These caring services would not be possible without the heartfelt generosity of donors.

Nor would United Way have been able to impact so many lives and the communities in Lorain County without the assistance of our volunteers. Dedication, drive, and accountability are their trademark. They are the characteristics found in each activity of our 27 person Board of Directors and in the hundreds of volunteers who give untiringly to fund raising, fund distribution, marketing, Day of Caring, special events and other United Way sponsored community projects. Their service truly reflects the highest standards of excellence and the deepest concern for the welfare of the people in Lorain County.

That spirit is why United Way is known as a positive impact agent throughout the County. It is a spirit shared by donors whom we ask to continue with us as our "impact partners". United Way deeply values that partnership. It is a partnership that enabled United Way to serve nearly one in four Lorain County citizens in 2005 with quality and life enhancing services.

With this partnership, we believe that there is no limit to the positive impact we can make together by caring in a "United Way".

Thank you for your support.

Letter From The Campaign Chairman to the community

Terry D. Goode
Vice President
Lorain County Title Company

It has been an exciting time at United Way of Greater Lorain County. As the 2005 Campaign Chairman and a member of this community, I encouraged everyone to support the United Way. I did so because I believe that it is the best way we can give back to our community.

I am grateful for the opportunity to have served as Campaign Chairman for this caring community. Special thanks to the companies that gave corporate donations, employees who gave through their workplaces and those individuals who gave through our residential mailings. I am genuinely proud that these individuals continued to show support for our community by giving generously to help people right here in Lorain County. Because of their support, we collectively raised \$2,859,348.

By choosing to donate to United Way of Greater Lorain County, you are helping not just one group, but the entire community. It is your help that enables us to create a positive impact on our community's most pressing needs.

I would like to thank all of our campaign volunteers and staff who worked so hard this past year on behalf of our community. I commend each of them for opening up new doors and solidifying new relationships that can be built upon in coming years.

Lorain County residents can rest assure that the staff, volunteers and partner agencies that make up this wonderful organization will continue to make a difference in the community. That after all is what matters!

On behalf of the United Way, our partner agencies and the individuals whom we serve, I thank you for your support.

A Word from the Treasurer

Phillip J. Baptiste
Cohen & Company, Ltd

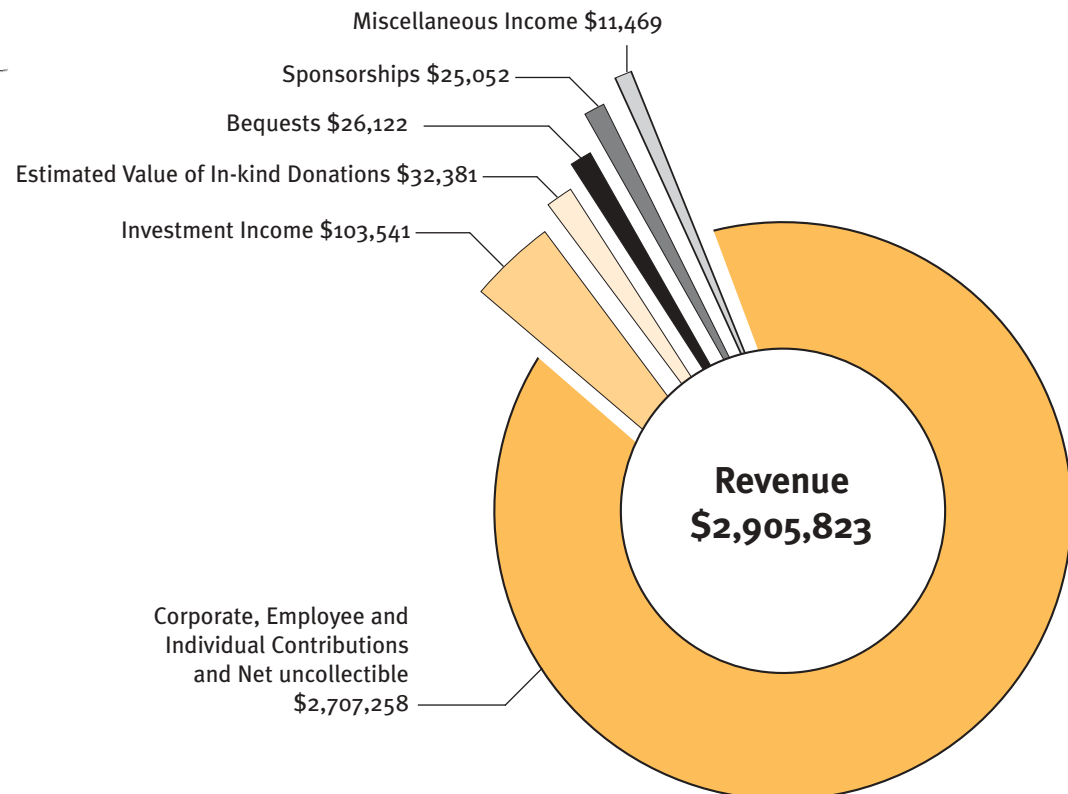

As Treasurer, I am pleased to report that in a tough environment the United Way of Greater Lorain County managed to conclude another successful year of sound financial management. The Finance Committee, which is made up of a group of financial professional volunteers from the community, provides oversight in the agency's financial matters. The committee is charged with ensuring that the agency upholds the United Way's standards of accountability and effectiveness.

This past year the campaign raised fewer pledges as the result of downsizing at a few large county employers. The management of United Way with the counsel of the Finance Committee was able to maintain the same level of distribution to partner agencies without using financial reserves through aggressive cost controls and effective collection activities.

Lorain County residents and businesses can be assured the United Way of Greater Lorain County will continue to use their donations in the best way possible. On behalf of the Finance Committee, I would like to thank all the donors, volunteers and supporters. Without your assistance many needed services would not be available to many Lorain County residents.

Sincerely

Phillip J. Baptiste
2005 Treasurer

Community Volunteers

Invest Resources for the Greatest Good

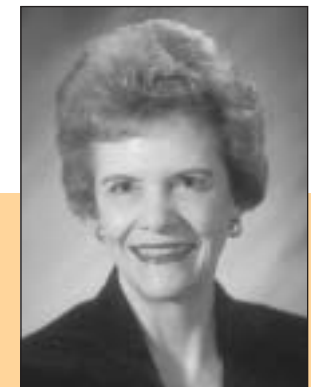

As a volunteer-driven organization, United Way of Greater Lorain County involves the community in every aspect of our business. One of the most critical components of our volunteer structure is the annual investment of resources into local programs and services.

Twenty-two trained volunteers, knowledgeable about the needs in our community, made thoughtful decisions about how to invest United Way contributions for the greatest good. Their dedication and caring ensures United Way investors that their gifts are used efficiently and effectively to improve the most lives. Fund Distribution volunteers collectively contributed more than 1,700 hours to ensure donor contributions were invested in the most efficient and effective programs.
